1. At 10 p.m. on 13 April 1952, a train of 6 boxcars, apparently carrying personnel, and of 38 flatcars with sideracks carrying 13 guns, probably AT guns, and 20 full-track prime movers was seen at the Dallgow-Doeberitz (N 53/2 65) railroad station. At 1 p.m. on 19 April, a train of 22 boxcars with 500 to 600 soldiers wearing red-bordered black epaulets, including some with motor transport and tank insignia, and of 15 flatcars with sideracks, carrying a 57-mm model 43 AT gun, 22 sidecar motorcycles, tank truck, 2 field kitchens, 2 trucks with kitchen equipment, including \_\_\_\_\_ and an undetermined number of other trucks, including \_\_\_\_\_ was loaded at the railroad station. Five trucks, \_\_\_\_\_ hauled billeting equipment to the railroad station. \_\_\_\_\_ occupied by 4 officers, including 1 colonel, 1 lieutenant colonel and 1 major, was seen at 3:30 p.m.

2. On 20 April, 17 flatcars with sideracks were loaded with trucks, \_\_\_\_\_ and \_\_\_\_\_ and 7 flatcars with sideracks with 160-mm mortars at the Dallgow-Doeberitz railroad station. \*

- \* \_\_\_\_\_ Comment. The present report is a partial confirmation of observations \_\_\_\_\_ stated that nine trains of the 10th Gds Tank Div in Dallgow-Doeberitz moved to the Letzling Heath training area during the period from 15 to 20 April. \_\_\_\_\_ It is believed that the regiment loaded on 20 April 1952 was the 299th (?) Gds Mort Regt which thus is confirmed until that date as stationed in Kramnitz.
